

Check Point CCSA Course Status

No	Modules	Topics	LAB
1	Introduction	Check Point FW Introduction	N/A
2		Check Point Firewall Architecture	
3		Check Point FW Deployment Model	N/A
4		Check Point FW Hardware	N/A
5	Check Point Security Licensing	Check Point FW Licenses	N/A
6	Check Point Security Solutions	Check Point FW Network Design	N/A
7		Check Point FW SMS Installation	Yes
8		Check Point FW GW Installation	Yes
9	Managing User Access	Check Point FW Local Users	yes
10	Check Point Security Administration	Check Point FW Display Format	yes
11		Check Point FW Interface Configuration	yes
12		Check Point FW Static Route	yes
13		Check Point FW OSPF	yes
14		Check Point FW Backup	yes
15		Check Point FW Download the Smart Console	yes
16		Check Point FW Publishing Database Changes	yes
17		Check Point FW Creating SMS Users	yes
18		Check Point FW Adding the GW to SMS	yes
19		Producing Check Point reports	yes
21	Security Policy Management	Check Point FW Cleanup and MGMT Rules	yes
22		Check Point FW OSPF Rules	yes
24		Check Point FW LAN to DMZ Rules	yes
25		Check Point FW LAN to Internet Rules	Yes
26		Check Point FW PAT or Hide NAT	yes
27		Check Point Identity Awareness	yes
28		Check Point FW Automatic Static NAT	yes
29		Check Point FW Manual Static NAT with port Forwarding	yes
30		Check Point FW Application Filtering	yes
30		Check Point FW URL Filtering	yes
30		Check Point FW Threat prevention	yes
30		Check Point FW SSL Inspection	yes
31	Basic Concepts of VPN	Check Point FW Site to Site VPN with Cisco Router	yes
32		Check Point FW to Check Point DC Firewall Site to Site VPN
